**Children!**

**A society of mutual respect and equality starts with children and parents. Twenty-four first grade children are ready to come to the only bilingual, bicultural Primary School located within a living bilingual, bicultural village! From the moment they step on the school bus, these children become part of a brighter future. They take in the evidence that a society built on equality and justice is possible—listening to Arabic and Hebrew, seeing families of all faiths living together— and create that reality in their villages and communities. These children truly are the future.**

**Over the past five years, the Primary School has become larger and more diverse. Enrollment rates are up by twenty percent and the students come from more villages than ever. In times of instability and crisis, growing interest in the Primary School is a sign of hope for the future. Help us support that future by making a donation on behalf of the incoming first grade class, enabling them to learn and grow into the peace-makers of tomorrow.**

**We are asking you, as donors who support the Primary School, to help these 24 children become the builders of a shared society. Our goal is \$50,000 by August 31.**

# **Will you Invest in the Future?**

**We look forward to giving the waiting parents the good news! Read more about the children in the fall newspaper, released at the start of the school year in September!**  
**Thank you for your generosity and dedication.**
